

imerlyn
INTELLIGENT PREMIUM SERIES

iMerlyn is the intelligent premium UPS series that has heavy load handling capacity and adds to the beauty of your home with its inspiring looks.

Its 5 Stage Battery Charging Mechanism keeps the battery healthy & also provides longer battery life.

Cu TECHNOLOGY REDEFINED

HIGH VOLTAGE SURGE PROTECTION	HIGH & STANDARD CHARGING OPTION FOR QUICK BATTERY CHARGING
RE-SETTABLE CIRCUIT BREAKER	UPS & INVERTER MODE FOR RUNNING IT & HOME LOAD
HIGH PEAK CURRENT HANDLING & THERMAL PROTECTION	COMPATIBLE WITH ALL BATTERY TYPES TUBULAR, LOCAL & FLAT PLATE

Available Models-

Advanced Digital-
850 12V DG, 1050 12V DG, 1250 12V DG & 1850 24V DG

Pure Sinewave-
850 12V SW, 1050 12V SW, 1250 12V SW & 1850 24V SW

ENERGY SAVER
Environment Friendly UPS Series

Energy Saver Environment Friendly UPS Series is the most energy efficient UPS Series in its category.

It is powered by the industry Lowest Watt Loss EI Core Transformer that helps in saving the maximum electricity in its category, and hence our hard earned money.

Cu TECHNOLOGY REDEFINED

INDUSTRY LOWEST WATT LOSS EI CORE Saves Electricity	HIGH & STANDARD CHARGING OPTION For Quick Battery Charging
ZERO POWER SWITCHING Energy Saving While on Backup Mode	UPS & INVERTER MODE For Running IT & Home Load
DIGI FUZZI LOGIC CHARGING Energy Saving During Battery Charging	COMPATIBLE WITH ALL BATTERY TYPES Tubular, Local & Flat Plate

Available Models-

Advanced Digital-
825 12V DG, 1025 12V DG, 1225 12V DG & 1825 24V DG

Pure Sinewave-
825 12V SW, 1025 12V SW, 1225 12V SW & 1825 24V SW

SUPER POWER
High Performance UPS Series

Super Power High Performance UPS Series comes with Super Technology that gives Super Longer Power Back Up and Super Longer battery life.

Cu TECHNOLOGY REDEFINED

LOW WATT LOSS EI CORE TRANSFORMER High Performance	DURA RETAIN TECHNOLOGY Longer Backup
CONSTANT CONTINUOUS REGULATED CHARGING Saves Electricity while Charging	INTELICHARGE PULSE TECHNOLOGY Faster Charging and More Battery Life
RESETTABLE CIRCUIT BREAKER Total Safety of connected Appliances	AUTO RESET During & After Overload Conditions

Available Models-

Advanced Digital-
700 12V DG, 800 12V DG, 900 12V DG, 1000 12V DG, 1100 12V DG, 1200 12V DG & 1700 24V DG

Pure Sinewave-
700 12V SW, 800 12V SW, 900 12V SW, 1000 12V SW, 1100 12V SW, 1200 12V SW & 1700 24V SW

NO
ALL IN ONE

Microtek presents All-In-One Trolley to keep your inverter and battery safe and your home beautiful & protected

- EXTRA STRONG
- ULTRA DURABLE
- STRONG WHEELBASE
- OPEN BACK
- SUPERIOR VENTILATION

ALL-IN-ONE

Compatible with all types of batteries
Single/Jumbo/Flat-Plate/Tall Tubular Battery
Double Battery with extension

Luxe

LUXE LCD HOME UPS

Luxe LCD Home UPS Series is India's most intelligent and smartest Home UPS with in-built microcomputer that promises to always keep your homes illuminated even during the power cuts.

It boasts of a beautifully designed power button and a Smart LCD Display that shows you the running load status, backup time and battery charging time.

LCD DISPLAY **RUNNING LOAD STATUS** **BACKUP TIME** **BATTERY CHARGING TIME**

Cu **TECHNOLOGY REDEFINED**

DISPLAYS SAFETY ALERTS WITH BUZZER

- OVERLOAD • OVER TEMPERATURE
- SHORT CIRCUIT • TRIP IN THE CIRCUIT

Available Models-

Pure Sinewave-
1000 12V SW, 1200 12V SW, 1400 12V SW & 1900 24V SW

Heavyduty

Hi-Torque Performance UPS Series

Heavy Duty UPS Series is a High Torque performance UPS series which is specially designed to handle heavy loads easily.

Cu **TECHNOLOGY REDEFINED**

- IN-BUILT BYPASS SWITCH
- FAST CHARGING AT 90V
- IN-BUILT MCB

HIGH & STANDARD CHARGING OPTION
For Quick Battery Charging

COMPATIBLE WITH ALL BATTERY TYPES
Tubular, Local & Flat Plate

IN-BUILT BYPASS SWITCH
Enables to Isolate the UPS from Mains, whenever needed

UPS & INVERTER MODE
For Running IT & Home Load

FAST CHARGING AT 90V
For Rural Area Application

IN-BUILT MCB
Total Safety from Short Circuit

Available Models-

Advanced Digital -
1550 12V DG & 2350 24V DG

Pure Sinewave-
2350 24V SW

SmartHybrid

PERFECT COMBINATION OF DIGITAL + SINEWAVE TECHNOLOGY

Smart Hybrid UPS Series is a perfect combination of Digital & Sinewave technologies that gives you the best of both the worlds- Noiseless performance & more load handling capacity.

Cu **TECHNOLOGY REDEFINED**

- IN-BUILT BYPASS SWITCH
- NOISELESS
- MORE LOAD

IN-BUILT BYPASS SWITCH
Enables to Isolate the UPS from Mains, whenever needed

HIGH & STANDARD CHARGING OPTION
For Quick Battery Charging

IBGM
Intelli Battery Gravity Management

UPS & INVERTER MODE
For Running IT & Home Load

UNIQUE ULTRA SONIC SWITCHING
For Noiseless Performance

COMPATIBLE WITH ALL BATTERY TYPES
Tubular, Local & Flat Plate

Available Models-

True Sinewave -
875 12V, 1075 12V, 1275 12V & 1875 24V
